Magenta

We wish you Grace

If ever there was a colour for humanity, then it is Magenta, for it touches us all, creating a sense of oneness. Magenta symbolises the Divine Love which is always there when we open ourselves to its Grace - it is absolute, unconditional and enduring and such a balm to the soul. It's great to call on it if you are ever challenged with events because it offers you a deeper perspective and sense of the unfolding of a higher plan, even if it is not for us to fully understand. We wish you the gift of gratitude to find the blessings in life and all that you have and are grateful for, even the small things. FEEL THE LOVE.
